Jerry M. Wyatt, *Principal*

Dear Parents:

We would like to communicate to you the rules regarding Driver Education at Dorman High School. We feel this will keep problems and misunderstandings to a minimum. All students are required to have a permit or license before they will be allowed to drive. Failure to obtain a permit will cause the student to receive a 50 average, resulting in a failure in this course. Also, if your son or daughter does not pass the classroom phase of driver education, he or she will not be allowed to drive.

We will strive to improve the driving skills of your son or daughter. However, we do not promise the student will be able to obtain his or her license upon completion of this course.

The following is a list of our classroom rules. Thank you for your cooperation.

Driver Education Classroom Rules

1. Sit according to assigned seating.
2. No talking.
3. Simulators used only with instructor's supervision.
4. Required **book, notebook, pen or pencils** each day.

Sincerely,

The Driver Education Staff
