

August 12, 2010

Dear Parents,

English 10 CP prepares students to acquire skills needed for college- level work and to pass HSAP. The course concentrates on the understanding of literary elements to enable them to appreciate the perspectives and styles of a wide range of authors. The study of vocabulary will increase comprehension and improve speaking and writing. This course addresses problem areas in writing and extends writing skills. Students are expected to work diligently to accomplish the goals of this class.

I am sure that you have high expectations for your child's education. It is my desire that each student will be successful in English 10 CP. My task is to provide the instruction, guidance, and encouragement necessary to attain this goal. Please feel free to call me at 582-4347, ext. 2104 or to e-mail me at [Mayesdm@spart6.org](mailto:Mayesdm@spart6.org). Class guidelines will be sent home for your perusal and a note should be signed and dated by you as well as your child. Please return the note the following school day.

I look forward to meeting you.

Yours truly,

Donna M. Mayes
