

Important Information for Parents
Spanish I Dorman High School
Señora Dawn Tscherne

Greetings!

I am very excited to teach your child this year! I hope to instill in every student a strong desire to learn the language, and parental involvement and support is critical for student success. I have outlined below a few key points as a quick reference should you have any questions or concerns. **THIS IS YOUR COPY.** Please feel free to contact me at school if at any time throughout the semester this sheet doesn't fully address your concerns. My e-email is TscherDS@spart6.org. Thank you in advance for your support.

Sincerely,

Dawn Tscherne

Please Keep in Mind:

1. Your child has been provided with a colored sheet that outlines class procedures and expectations. Please refer to it should you have questions regarding rules and consequences, the grading system, required materials, and policies for make-up work and extra assistance.
2. Students should copy homework assignments in their class notebook/agenda daily. If an assignment is not posted, it is understood that students are encouraged to spend 15 minutes reviewing vocabulary or class notes.
3. Students are strongly encouraged to make vocabulary flashcards. Parents can help by calling out the English word or phrase and having the student say/spell it in Spanish.
4. I am available before and after school by appointment to assist students. Encourage your student to use this time as soon as any frustration or problem appears, as skills build upon one another in foreign language.
