

Economics
Miss Johnson

Dear Parents/Guardians and Students,

It is a pleasure for me to welcome you to my Economics class at Dorman High School. I am excited to be working with you this semester and I know that this will be a productive and rewarding experience for us all!

Economics is a course that covers all aspects of the world and U.S. economy. In my class, we will study past economic systems as well as the current system. That's roughly 500 years between now and December so expect a quick pacing through the material. In order to ensure that your student is meeting his/her full potential, I will be using a variety of instructional methods, including lecture, discussion, group activities and videos as appropriate.

Attached to this letter is a copy of my class syllabus. On this copy I have included the procedures I wish students to follow, the necessary class materials, and my grading policy. Please let me know if you have any questions or concerns about my expectations.

This brings me to the subject of correspondence. I welcome any contact with parents or guardians so if you would like to send me a question or comment from time to time, my email address is **Johnsoad@spart6.org**. You can also leave a voicemail at my phone extension **1122**. I will respond to emails and voicemails as quickly as possible to ensure open communication between the home and the classroom.

Dorman's program *PowerSchool* will enable you to stay informed of all of your student's progress in my class. By signing up with guidance for this program, you will have online access to your student's grades for my class that I will be keeping current weekly.

I look forward to working with you and your student this semester!

Thanks,

Ashley Johnson
Go Cavs!!

.....Please Cut and Return Bottom Portion Only

I have read the above letter **AND** the class syllabus and understand the expectations for this course.
