

## ILLS MATHEMATICS III

Welcome to Math III! This year we will focus on the curriculum standards and competencies that will become a part of your individual portfolio. We will be together for two 9 week terms. A notebook and calculator will be provided for you to use in the class. The course syllabus is as follows:

- Week 1: Earning Money
- Week 2: Purchasing Food
- Week 3: Using Percents
- Week 4: Shopping for Clothes
- Week 5: Managing a Household
- Week 6: Working with Interest
- Week 7: Buying and Maintaining a Car
- Week 8: Working with Food
- Week 9: Review and Competency Testing
- Week 10: Improving your Home
- Weeks 11-12: Traveling
- Week 14 Budgeting your Money
- Week 15: Banking and Investing
- Week 16: Paying Taxes
- Weeks 17-18: Review and Competency Testing

### GRADING:

1. Daily classwork will be assigned and graded.
2. Vocabulary quizzes will be given at the end of each chapter. Students may use their notes.
3. Tests will be given at the end of the chapters. There will be a review for each test.
4. The 9 weeks grade will consist of 25% tests, 25% vocabulary quizzes, 25% graded classwork, and 25% participation.

### COMMUNICATION:

1. A mastery of 70% of the competencies within the functional math curriculum is the goal for each student. A checklist will be kept for each student noting his or her score in each area.
2. Individual progress reports will be sent every 4 ½ weeks.
3. The completed competency checklist will be available for parental review.

### RULES AND CLASSROOM BEHAVIOR:

All school rules will be enforced in this classroom. See the handbook for specifics.
